

MDD Mobile Dealer Data

Fleet-Wide Key & Vehicle Tracking for Berkshire Hathaway Automotive

Every key and every car located in seconds — across all 93 rooftops. Group volume pricing that drops as the rollout grows.

Prepared for Berkshire Hathaway Automotive · MDD Locate + Workflow Options

THE PROPOSAL

One platform. Every key, every car, every store.

Start with **MDD Locate** tracking all vehicles and keys across the group. Add **Recon** and **Service Workflow** where it pays — no rip-and-replace, no new headcount. As stores come online, the per-tag and monthly rate steps down for **every rooftop**.

93

Rooftops in scope
Group-wide rollout

2,000+

Vehicles tracked at one store today
Bill Brown Ford

Seconds

To locate any car or key
vs. 25 min searching — Longo Toyota

~35%

Price reduction at full-group volume
Applied to all stores

1 · **MDD Locate** (core)

Bluetooth tracking of every key and vehicle. Real-time location from any phone or desktop.

2 · **Recon Workflow** (option)

Auto-advancing recon pipeline. Cut days to frontline, free trapped capital.

3 · **Service Workflow** (option)

Live service-lane visibility. More bay turns, better CSI.

Stop searching. Start selling.

It's Saturday at 11:30. A customer is ready to buy and the key isn't where it should be. MDD Locate ends that. Every key and car carries a Bluetooth tag — your team sees exact location in real time, indoors and out.

1

Tag

Scan the QR, assign to the VIN. Ten seconds per vehicle and key.

2

Track

Staff sees every key and car's live location from phone or desktop.

3

Manage

Instant lot audits, movement alerts, key accountability, DMS integration.

- Real-time key location — on a desk, in a pocket, across the lot
- Works indoors where GPS fails — service bays, detail, covered lots
- After-hours movement alerts and daily audit tools
- Integrates with Reynolds & Reynolds and CDK

Bill Brown Ford tracks **2,000+ vehicles** across multiple lots with **90%** sales-team adoption.

Brandon Honda — **zero lost keys** after implementation. Key replacements run \$300–\$800 each.

Add workflow automation where it pays.

Other workflow tools rely on someone remembering to update the system. MDD's doesn't. Because **LocateIQ** knows where the car physically is, the workflow advances automatically — no manual status updates, no stale dashboards.

Recon Workflow

Track every used vehicle from acquisition to frontline. Auto-advancing steps surface exactly where cars get stuck.

- Cut days to frontline, free trapped capital
- Vendor accountability, fewer outside audits

Longo Toyota — **3 days saved** per car in recon; location time went from 25 min to seconds.

Service Workflow

Live service-lane visibility from drop-off to delivery. Bottlenecks flagged in real time.

- More bay turns, more billable hours
- Higher CSI — tied to advisor and OEM pay

Corwin Toyota — **64%** of customers out in 60 min, **40–60%** more bay turns.

What a single rooftop looks like.

List pricing for one store tracking 400 vehicles and 400 keys. Choose to **lease** the tags monthly or **purchase** the hardware outright. Group volume discounts (next page) reduce these rates.

Lease the equipment — lowest upfront		Purchase the equipment — own the hardware	
Platform base	\$795 / mo	400 vehicle tags × \$40	\$16,000 one-time
400 vehicle tags × \$3.00	\$1,200 / mo	400 key tags × \$15	\$6,000 one-time
400 key tags × \$1.50	\$600 / mo	Install	\$5,000 one-time
MDD Locate	\$2,595 / mo	Upfront total	\$27,000
One-time install \$5,000/store. Optional: Service Workflow +\$350/mo, Recon Workflow + \$350/mo. Both modules → \$3,295/mo all-in.		Then platform base \$795/mo — no monthly tag fee. Optional workflow modules +\$350/mo each.	

Example assumes one key tag per vehicle; a second key is optional. Figures are list (single-store) rates before the group volume schedule.

More stores in, lower rate for every store.

As Berkshire Hathaway Automotive enrolls more rooftops, the monthly base and per-tag rate step down — and the new rate applies to **all stores**, not just the newest.

ROOFTOPS ENROLLED	DISCOUNT	BASE / STORE	VEHICLE TAG	KEY TAG	INSTALL / STORE	PER-STORE / MO*
1 – 4	—	\$795	\$3.00	\$1.50	\$5,000	\$2,595
5 – 14	10%	\$716	\$2.70	\$1.35	\$4,000	\$2,336
15 – 34	18%	\$652	\$2.46	\$1.23	\$3,000	\$2,128
35 – 64	27%	\$580	\$2.19	\$1.09	\$2,000	\$1,892
65 – 93 FULL GROUP	35%	\$517	\$1.95	\$0.98	Waived	\$1,689

*Per-store monthly for MDD Locate at 400 vehicle tags + 400 key tags. Discount applies to base and per-tag rate. Workflow modules \$350/mo each, discounted on the same schedule. Purchase option discounts on the same tiers.

The number that closes it.

At full-group volume, every store lands at the top tier — 35% off base and tags, install waived. Priced per store at 400 vehicles and 400 keys on MDD Locate.

\$1,689

Per store / month
(vs. \$2,595 list)

\$157,077

Group / month
all 93 rooftops

\$1.89M

Group / year
MDD Locate group-wide

\$1.01M

Saved per year
vs. list pricing

What it protects

- Lost keys at \$300–\$800 each — Brandon Honda cut to zero
- Deals lost while a customer waits for a missing key
- Capital trapped in slow recon — 3 days/car recovered at Longo

Why it scales cleanly

- One platform, one rate card across all 93 stores
- Blanket pricing — new rate flows to every rooftop
- Add Recon and Service Workflow store-by-store as needed

Volumes vary by store; final terms confirmed at group agreement. Figures illustrate the 400-vehicle model applied group-wide.

NEXT STEP

See it on a live lot in 15 minutes.

We'll map the rollout across your rooftops and show exactly how MDD Locate finds every key and car — no commitment, no pressure.
